Gold Sponsors:

Chevron Canada

Chevron Corporation is one of the world's leading energy companies. Chevron Canada Limited (Upstream) explores for, develops, produces and markets crude oil, natural gas and natural gas liquids. Chevron Canada Limited (Downstream) refines, markets and distributes fuels and other energy products. Our goal in Canada and worldwide is to deliver Operational Excellence. To us that means achieving world class performance through the systematic management of safety, health, environment, reliability and efficiency. www.chevron.ca

ConocoPhillips

ConocoPhillips has a time-honored tradition of placing safety, health and environmental stewardship at the top of our operating priorities. While North America is our home and provides the majority of our production, we are active in almost 30 countries and in a wide range of geologic and geographic settings, including some of the world's most challenging areas. From the frozen Arctic to the arid desert, we have a proven track record of responsibly and efficiently exploring for and producing oil and natural gas.
